A Note From Carmen

Well, here we are again. The Easter Bunny has come and gone, but even he could not cure the Southwest Florida Economy and Housing Market. As most of you know, our firm offers bankruptcy and non-bankruptcy solutions to our client's financial issues. The one thing that our firm cannot handle is the level of financial anxiety and fear that seems to be creeping into each of our lives. When 1500 people are lining up for minimum wage jobs, I think it is time for everyone to take a step back to be thankful for what we have in our lives. I enjoy waking up in the morning, because if I wake up, it's a good day. I want each and every one of you reading this newsletter to be thankful for your families, friends, your employment and your health, not necessarily in that order. Even if one of those these categories is missing in your life, you still have the others, so be thankful. Please remember some of the best advice I ever received: If you treat people as if they are hurting inside, you will be right 90% of the time. Let's all bring it down a notch, as we are all in this together. Take a deep breath and think about it.

Charity of The Month:

The American Cancer Society

The reason the Dellutri Law Group is having a Golf Tournament this Saturday is to benefit the American Cancer Society. All proceeds collected from this event will go to providing information, day-to day-help, and emotional support to people with cancer and their families . The American Cancer Society offers information to help cancer patients understand cancer and treatment options as well as help with insurance, Medicare, and Medicaid. The American Cancer Society also helps find cancer treatment facilities, lodging during treatment, Hair-loss and Mastectomy Products. Emotional Support is also offered by the American Cancer Society for both patients and their families. To learn more about the American Cancer Society please visit cancer.org.

Everyone please remember that the Golf Tournament is going to be this weekend May 7th at Magnolia Landing Golf Course. All proceeds will go to The American Cancer Society. We only have a few spots left is you would like to participate please call 239-939-0900 to speak with Elizabeth or Ashley S.

Dellutri Law Group Blood Drive Outcome

On April 5th, 2011 The Dellutri Law Group hosted our Second Annual Blood Drive. With the support of our friends of the firm and the Lee memorial Blood Mobile, we were able to collect 9units of blood! Considering each unit can save up to 3 lives each, that is pretty amazing. We would like to give a special thanks to all of the people who showed up and donated blood. The importance of donating blood cannot be stressed enough and we are so grateful to live in a community full of people willing to help those in need by donating blood and saving lives. We hope to see all of you again and more for our next blood drive.

“MEETING MONTHLY FINANCIAL OBLIGATIONS IS BECOMING INCREASINGLY DIFFICULT!”

Do you or someone you know feel this way? Can you see the way your life or theirs has changed or is changing? The Dellutri Law Group is here and ready to assist. Growing credit card bills can be overwhelming. Losing one's employment; suffering the results

bring it down a notch, as we are all in this together. Take a deep breath and think about it.

Quote of the Month: “ Start where you are with what you have. Make something of it and never be satisfied”– George Washington Carver

Do you or someone you know feel this way? Can you see the way your life or theirs has changed or is changing? The Dellutri Law Group is here and ready to assist. Growing credit card bills can be overwhelming. Losing one’s employment; suffering the results from “cutbacks” in the work place; or if self employed, unsuccessful collection of account receivables are all realistic circumstances that individuals are being forced to deal with. Many of these unexpected situations result in unforeseen financial ramifications. Years of savings or retirement which have been gradually used “to make ends meet” or used purely out of necessity are almost depleted with no ability to replenish them. Adjustable rate mortgages are resetting with increased interest rates. Property values are continuing to drop. Refinancing is near impossible. Commercial loans are maturing without the ability for viable workout options. Everyday purchases cost more than they did months ago. Gasoline prices are an obvious and yet uncontrollable crisis with which we are forced to accept. Has anyone bothered to measure the increase in the cost of a gallon of milk or compare today’s grocery prices to those of one year ago? For more information click [here](#)

Bicycle Accidents Can Be Serious !

At The Dellutri Law Group, we have had the pleasure of helping many individuals injured in bicycle accidents. Bicycle accidents can cause very serious and permanent injuries. Usually, it is a careless driver or landowner which causes the bicycle accident.

Did you know that Bicycle riders were required to obey all the traffic laws in Florida? This pertains to children as well. All bicycle riders should wear helmets and any other protective gear they have. If you are a bicycle rider, please be careful and drive your bicycle defensively.
